## Shane Fabie hits the runway this summer

**Brennan Nye**

Staff Reporter

This summer as most of us bag groceries or ask if you'd like fries with that burger, freshman Shane Fabie will be doing something a little bit different. For the last year and a half Shane has been modeling for the International Modeling and Talent Association (IMTA). When he first started, however, his goal wasn't modeling, it was acting. Shane was attending an acting school in Santa Maria called Legendary Talent, when a director told him he'd make a good model. So his director signed him up at IMTA

to help him get an agent. Shane has come a long way since then. Although he is the youngest model in the agency, he has won many awards. He was first runner-up for model of the year, second runner-up for most sought after male model, first runner-up for swimwear, second runner-up for runway fashion and third runner-up for jeans, in addition to many honorable mentions.

You also may have seen Shane's smiling face in such magazines as Teen Magazine, Kid's Abercrombie or Mary Kate and Ashley Olsen Peek-A-Boo Editorial.

His favorite thing about modeling is meeting new people and going places. So far his traveling has taken him to both New York and Florida.

The future may call him to such places as Mulan, Paris, Hawaii and New York.

Because most models don't start modeling until they're 18, Shane has time to think about where he wants to go with modeling.

"Since I'm so young I have awhile to hang out and learn more about modeling before I start getting serious," said Shane.

Shane's advice to aspiring models is to be patient.

"It's not going to happen overnight, it takes time, effort and a lot of work. It takes a lot of time just to get noticed," said Shane.

So as you ask, "paper or plastic?" don't forget to smile, because you never know when your big break will come!

## Funky new swimwear for every shape and size

**Christina Krafchak**

Staff Reporter

Embarrassed to go swimming with your friends? Is it because you still have to squeeze into that old poka-dotted bikini you bought over 3 years ago?

Not to worry, it's swimsuit season! Stores all over are stocking up on this summer's hottest swimwear. Including various new shapes, designs, and colors. The modern swimsuit of today is not so hard to find and at an affordable price too. This year's swimsuits are unique and definitely made to draw attention.

Choosing a knockout swimsuit shouldn't be hard. This year's hot swimsuits include halter-tops, string bikinis, and cutout fun-shaped one-piece suits.

The halter-top bikini is designed to accent beautiful shoulders and provide support for the bigger bust-line. The halter-top goes great with

the bikini bottom. If you would like to create the illusion of a more curvy body shape try and match the halter top with the boy shorts bottom, which sits low on the hips. The halter-top swimsuit looks great in denim, Jamaican style, and earth-tone patterns.

The string bikini is a great suit for the slender body, particularly with a smaller bust-line. The reversible string bikini is definitely a great buy. Try this swimsuit in dark denim, animal prints, or electric bright colors.

This years-newest line of swimsuits includes the cutout fun-shaped one-piece suits. If you're not the type to purchase a 2-piece suit, but would like a sexy swimsuit, this is the suit for you. Available in shapes that cut around the stomach, shoulders, and neckline in funky patterns this one-piece swimsuit is very modern.

Whether you're planning to head to the pool and swim with your friends, catch some waves at the beach, or just lay out and catch some rays be sure to do it in style.
